November 2011 \$3,232.67 paid to drivers!!!

We know that it takes hard work on your part and we appreciate it and know that you deserve this Incentive Pay. Again we are sure that this well earned money will come in handy for the holidays. The fleet average was again 5.45 MPG let's see how much you can get for December.

Some past Drivers of the Month!!

Drivers of the Month

\$50.00 Gift Card - Take the family to EAT!

Truck 2 – Rusty Tantillo displays a positive attitude, works hard. He eagerly takes any load offered.

Truck 24 – Phillip Jameson works hard, leaves early to assure on-time deliveries. We routinely receive compliments from delivery sites on Phillip's professionalism and positive attitude.

Truck 63 – Curtis Reece always puts forward a positive attitude, maintains excellent communication with dispatch and always requests the most miles available.

FUEL SQUEEZER

In our ongoing efforts to assist you in getting bigger Monthly Fuel Incentives and taking more \$\$ home as well, as making your life a little easier. We are giving out Free Electric Heating Blankets. This should help you in reducing idling during these cold times and help you be little more comfortable and easier to rest.

DOT CORNER

Remember that DOT safety and compliance is not only for yourself but for fellow drivers as well. If you see something that is un-safe and not in compliance please point it out to the teammate and if necessary to the office.

Truck Drivers Health

Here are a few important reminders that with our busy lives can get overlooked until it's too late. We understand that if an emergency happens while you are out on the road--you can feel helpless. We will try to help you avoid this as much as we can by providing some reminders and tips. We pray no one ever needs any of these tips but we know that some may and with some planning and organization beforehand you can feel more confident that even if you are not there, you can still help your family through the emergency,

Change batteries in Fire Alarms. Check batteries in flashlights at home and in the car, and in your truck. When you need them it's too late.

Review with your family all emergency numbers—especially young kids. Remember that with cell phones they may not be able to track you so kids need to know their address.

Again if you have kids talk to neighbors that you trust and exchange emergency contact information and review this safe place your kids can go in an emergency situation.

Be careful of Christmas lights being too close to dry limbs, leaves or pine needles as this may cause a potential fire risk.

Check important documents for safe keeping. This can include lease agreements, auto insurance, life insurance policy, emergency contacts, birth certificates, Passports, Social Security Cards, wills and any other important information.

Review your medicine cabinet and you may need to secure meds that may be abused.

Here are some important numbers that you may need:

National Suicide Hotline 1-800-273-8255

Poison Control Center 1-800-222-1222

Child Abuse Hotline 1-800-4-A-CHILD

Domestic Abuse Hotline 1-800-799-SAFE

If you see suspected activity and would like to request increased patrols of your neighborhood follow this link to fill out a Alert Slip for HPD. <https://ehpd.houstontx.gov/citizenalert/>

Shark Policy Tips and Reminders

With the Holidays coming up--you may need time off for family. Just remember we need 4 days notice for any time off so we can schedule you home as needed.

Remember Recommend a Driver Get \$1,000.00
